General Provisions

Member Privacy

Our complete **Notice of Privacy Practices** provides a comprehensive overview of the policies and practices we enforce to preserve our members' privacy rights and control use of their health care information, including: the right to authorize release of information; the right to limit access to medical information; protection of oral, written and electronic information; use of data; and information shared with employers. This notice can be downloaded from our website at anthem.com/ca or obtained by calling Small Group Customer Service at 800-627-8797.

Utilization Review

The Anthem Blue Cross Utilization Review Program helps members receive coverage for appropriate treatment in the appropriate setting. Four review processes are included: 1) Pre-service Review assesses medical necessity before services are provided; 2) Admission Review determines at the time of admission if the stay or surgery is Medically Necessary in the event Pre-service Review is not conducted; 3) Continued Stay Review determines if a continued stay is Medically Necessary; 4) Retrospective Review determines if the stay or surgery was Medically Necessary after care has been provided if none of the first three reviews were performed. Utilization Review is not the practice of medicine or the provision of medical care to you. Only your doctor can provide you with medical advice and medical care.

Grievances

All complaints and disputes relating to a member's coverage must be resolved in accordance with Anthem Blue Cross' grievance procedure. You can report your grievance by phone or in writing; see your Anthem Blue Cross ID card for the appropriate contact information. All grievances received by Anthem Blue Cross that cannot be resolved by phone (when appropriate) to the mutual satisfaction of the member and Anthem Blue Cross will be acknowledged in writing, together with a description of how Anthem Blue Cross proposes to resolve the grievance. Grievances that cannot be resolved by these procedures shall be resolved as indicated through binding arbitration, or if the plan you are covered under is subject to the Employee Retirement Income Security Act of 1974 (ERISA), in compliance with ERISA rules.

If the group is subject to ERISA, and a member disagrees with Anthem Blue Cross' proposed resolution of a grievance, the member may submit an appeal by phone or in writing, by contacting the phone number or address printed on the letterhead of the Anthem Blue Cross response letter.

For the purposes of ERISA, there is one level of appeal. For urgent care requests for benefits, Anthem Blue Cross will respond within 72 hours from the date the appeal is received. For pre-service requests for benefits, the member will receive a response within 30 calendar days from the date the appeal is received. For post-service claims, Anthem Blue Cross will respond within 60 calendar days from the date the appeal is received.

If the member disagrees with Anthem Blue Cross' decision on the appeal, the member may elect to have the dispute settled through alternative resolution options, such as voluntary binding arbitration.

Department of Managed Health Care

The California Department of Managed Health Care (DMHC) is responsible for regulating health care service plans. If you have a grievance against your health plan, you should first telephone your health plan at 800-627-8797 and use your health plan's grievance process before contacting the DMHC. Utilizing this grievance procedure does not prohibit any potential legal rights or remedies that may be available to you. If you need help with a grievance involving an emergency, a grievance that has not been satisfactorily resolved by your health plan, or a grievance that has remained unresolved for more than 30 days, you may call the DMHC for assistance. Your case may also be eligible for an Independent Medical Review (IMR). If you are eligible for IMR, the IMR process will provide an impartial review of medical decisions made by a health plan related to the medical necessity of a proposed service or treatment, coverage decisions for treatments that are experimental or investigational in nature, and payment disputes for emergency or urgent medical services. The DMHC also has a toll-free telephone number (888-HMO-2219), and TDD line (877-688-9891) for the hearing- and speech-impaired. The department's Internet website, www.hmohelp.ca.gov, has complaint forms, IMR application forms and instructions online.

Binding Arbitration

If the plan is subject to ERISA, any dispute involving an adverse benefit decision must be resolved under ERISA claims procedure rules, and is not subject to mandatory binding arbitration. Members may pursue voluntary binding arbitration after they have completed an appeal under ERISA rules. If the member has another dispute that does not involve an adverse benefit decision, or if the group does not provide a plan that is subject to ERISA, the following provisions apply: any and all disputes between the employer and/or the member and Anthem Blue Cross, including but not limited to claims of medical malpractice, must be resolved by binding arbitration (not by lawsuit or trial by court or jury or other court process, except as California's law provides for judicial review of arbitration proceedings), if the amount in dispute exceeds the jurisdictional limit of the Small Claims Court. Under this coverage, both the member and Anthem Blue Cross are giving up the right to participate in class arbitration or have any dispute decided by a court or jury trial.

Medicare

Under TEFRA/DEFRA, Medicare is the primary coverage for groups of less than 20 employees. Anthem Blue Cross coverage is considered primary coverage for groups of 20 or more employees. This Anthem Blue Cross coverage is not a supplement to Medicare, but provides benefits according to the non-duplication of Medicare clause.

If Medicare is a member's primary health plan, Anthem Blue Cross will not provide benefits that duplicate any benefits you are entitled to receive under Medicare. This means that when Medicare is the primary health coverage, benefits are provided in accordance with the benefits of the plan, less any amount paid by Medicare. If you are entitled to Part A and B of Medicare, you will be eligible for non-duplicate Medicare coverage, with supplemental coordination of benefits. However, if you are required to pay the Social Security Administration an additional premium for any part of Medicare, then the above policy will only apply if you are enrolled in that part of Medicare. Note: Medicare-eligible employees/dependents enrolled in plans where Medicare is primary may obtain an Individual Anthem Blue Cross Medicare Supplement plan with the pre-existing condition exclusion waived.

Coordination of Benefits

The benefits of a member's plan may be reduced if the member has other group health, dental, drug or vision coverage, so that benefits and services the member receives from all group coverages do not exceed 100 percent of the covered expense.

Third-Party Liability

If a member is injured, the responsible party may be legally obligated to pay for medical expenses related to that injury. Anthem Blue Cross may recover benefits paid for medical expenses if the member recovers damages from a legally liable third-party. Examples of third-party liability situations include car accidents and work-related injuries.

Voiding Coverage for False and Misleading Information

False or misleading information or failure to submit any required enrollment materials may form the basis for voiding coverage from the date a plan was issued or retroactively adjusting the premium to what it would have been if the correct information had been furnished. No benefits will be paid for any claim submitted if coverage is made void. Premiums already paid for the time period for which coverage was rescinded will be refunded, minus any claims paid.

Incurred Medical Care Ratio

As required by law, we are advising you that Anthem Blue Cross and its affiliated companies' incurred medical care ratio for 2007 was 80.43 percent. This ratio was calculated after provider discounts were applied.

Anthem Blue Cross is an NCQA Accredited health plan.

Goods and services available through discount programs are not benefits of coverage. Anthem Blue Cross does not endorse or recommend any goods or services provided at a discount by these vendors or practitioners. These programs may be changed or withdrawn at any time without notice by the offering vendor or practitioner.
