What's Not Covered:

This plan does not cover all health care expenses and includes exclusions and limitations. Members should refer to their plan documents to determine which health care services are covered and to what extent. The following is a partial list of services and supplies that are *generally not covered*. **However, your plan documents may contain exceptions to this list based on state mandates or the plan design or rider(s) purchased.**

- All medical and hospital services not specifically covered in, or which are limited or excluded by your plan documents, including costs of services before coverage begins and after coverage terminates.
- Cosmetic surgery.
- Custodial care.
- Dental care and dental x-rays.
- Donor egg retrieval.
- Experimental and investigational procedures, (except for coverage for medically necessary routine patient care costs for Members participating in a cancer clinical trial).
- Hearing aids.
- Immunizations for travel or work.
- Implantable drugs and certain injectable drugs including injectable infertility drugs.
- Infertility services including artificial insemination and advanced reproductive technologies, such as, IVF, ZIFT, GIFT, ICSI and other related services unless specifically listed as covered in your plan documents.
- Long Term Rehabilitation.
- Non-medically necessary services or supplies.
- Orthotics.
- Over-the-counter medications and supplies.
- Radial keratotomy or related procedures.
- Reversal of sterilization.
- Services for the treatment of sexual dysfunction or inadequacies including therapy, supplies or counseling.
- Special duty nursing.
- Therapy or rehabilitation other than those listed as covered in the plan documents.
- Treatment of behavioral disorders.

This material is for informational purposes only and is neither an offer of coverage nor medical advice. It contains only a partial, general description of plan benefits or programs and does not constitute a contract. Aetna does not provide health care services and, therefore, cannot guarantee any results or outcomes. Consult the plan documents (i.e. Schedule of Benefits, Certificate/Evidence of Coverage, and/or Group Agreement) to determine governing contractual provisions, including procedures, exclusions and limitations relating to the plan. The availability of a plan or program may vary by geographic service area. With the exception of Aetna Rx Home Delivery, LLC, participating providers and vendors are independent contractors in private practice and are neither employees nor agents of Aetna or its affiliates. Aetna Rx Home Delivery, LLC is a subsidiary of Aetna Inc. The availability of any particular provider cannot be guaranteed, and provider network composition is subject to change. Notice of the change shall be provided in accordance with applicable state law. Certain primary care providers are affiliated with integrated delivery systems or other provider groups (such as independent practice associations and physician-hospital organizations), and members who select these providers will generally be referred to specialists and hospitals within those systems or groups. However, if a system or group does not include a provider qualified to meet member's medical needs, member may request to have services provided by non-system or non-group providers. Member's request will be reviewed and will require prior authorization from the system or group and/or Aetna to be a covered benefit.

Some benefits are subject to limitations or visit maximums. Certain services require precertification, or prior approval of coverage. Failure to precertify for these services may lead to substantially reduced benefits or denial of coverage. Members or Providers may be required to precertify for certain services such as non-emergency inpatient hospital care.

Depending on the plan selected, new prescription drugs not yet reviewed by our medication review committee are either available at the highest copay under plans with an open formulary, or excluded from coverage unless a medical exception is obtained under plans that use a closed formulary. They may also be subject to precertification or step-therapy. Non-prescription drugs and drugs in the Limitations and Exclusions section of the plan documents (received after enrollment) are not covered, and medical exceptions are not available for them. Aetna Rx Home Delivery, LLC, is a licensed pharmacy providing mail-order pharmacy services. Aetna's negotiated reimbursement rates with Aetna Rx Home Delivery may be higher than Aetna Rx Home Delivery's cost of purchasing drugs and providing mail-order pharmacy services. In prescription plans with copayment or coinsurance tiers, use of formulary drugs generally will result in lower costs to members. However, where

DISTRICT OF COLUMBIA POS PLAN 2

the prescription plan utilizes copayments or coinsurance calculated on a percentage basis, there could be some circumstances in which a formulary drug would cost the member more than a non-formulary drug because (i) the negotiated pharmacy payment rate for the formulary drug may be more than the negotiated pharmacy payment rate for the non-formulary drug, and (ii) rebates received by Aetna from drug manufacturers are not reflected in the cost of a prescription drug obtained by a member.
